LinkedIn: /MaryamSelassie | Portfolio: MariCods.github.com | GitHub: /MariCods

I am a Front-end web developer with a background in Graphic design and Web design. Having always been invested in the logistics of design and had a healthy appreciation for the art. My strengths include a friendly demeanor and commutative skills allowing me to work well with others, delegate, stay organized, and be efficient. Passionate about developing apps and web applications focusing on responsive design and unique appearance. Creative, driven, and committed to putting out quality work.

TECHNICAL SKILLS

Software/Platforms/Languages: Experienced in Adobe Suite, with an emphasis on Photoshop, Illustrator, and After Effects Experience with Figma. HTML, CSS, Javascript, Tailwind CSS Bootstrap, jQuery Express, Mysql, React

- Responsibilities: Worked on the efficiency and UI of the recipe page. Updated the HTML, CSS, and API on the recipe page to reflect.
- Tools: HTML, CSS, Javascript, jQuery, ExerciseDB API, Tailwind CSS, Bootstrap

EXPERIENCE

Customer Service Representative   **September 2021- January 2022**

Minted.com   **Remote**

Assisted clients. Answered the phone and assisted customers with changes. Assisted customers with order tracking. Assisted customers with they're greeting card design. Proved my efficiency by helping several 100 customers a day, getting my customer list that I worked on aside from the randomized list. It was a seasonal role, but was offered a long-term position because of my above-and-beyond work ethic.

Graphic and Marketing Artist   **December 2020 -August 2021**

Afrocentric Home Design   **Remote**

Worked with the owner to design a website UI that fits the company theme. Monitored Instagram for messages and supplied hashtags to posts. Took feedback and ideas while drawing illustrations to help sell products. Created company logo.

Graphic Artist Intern   **October 2020 - March 2021**

Botanik Herbs & Tea   **Remote**

Worked collaboratively with the founder of the company to create motion graphic accompaniments to 10 logos. Adjusted the way the logo's motion graphics worked. Took feedback and ideas while staying within the company's theme to animate certain elements of the logos. Met weekly to give updates, receive feedback, and make edits by the end of the week.

EDUCATION

Certificate, Full Stack Web Development– University of California Davis   **Remote-Davis, CA**

Bachelor of Arts, Design – University of California Davis   **Davis, CA**
